BE A PART OF A 50-YEAR WINNING TRADITION IN RIVER FALLS

Wrestling develops agility, balance, speed, conditioning, and intensity - that transcends into many other sports and activities. You do not have to be the strongest, the fastest or even the most aggressive. A wrestler must be persistent, willing to work hard and learn while having fun. Please come to the informational meeting on Thursday, November 18 to learn more. Watch a high school match before our season starts - the high school team has its home opener against Eau Claire North on Thursday, December 2 at 6:30 PM at RFHS.
